#### **2. Distribution Policy**

The Distributable Income of a-iTrust is substantially based on the cash flow generated from the operations undertaken by the Venture Capital Undertakings ("VCUs") in India, being mainly the letting of completed properties and the provision of property-related services.

- At the VCU level, the consolidated net profit from operations is arrived at after deducting all expenses incurred from the consolidated net property income.
- At the Trust and Singapore Special Purpose Vehicle ("SPV") levels, the distributable income is derived after deducting all expenses incurred and adding

any income earned at the Trust and Singapore SPV levels. Non-cash items (eg payment of Trustee-Manager's fees in units, unrealised gains or losses on foreign exchange or on fair value of investment properties and derivatives) are also adjusted.

- For full details on the calculation of the distributable income, please refer to item 8(a) of the announcement of results for the period, which is available on [www.sgx.com](http://www.sgx.com) or [www.a-itrust.com](http://www.a-itrust.com).

a-iTrust is committed to distribute at least 90% of its distributable income, with the actual level of distribution to be determined at the Trustee-Manager's discretion. Distributions, when paid, will be in Singapore dollars.

Distributions are made on a semi-annual basis, with the amount calculated as at 31 March and 30 September each year for the six-month period ending on each of the said dates.

### **3. Directors' Responsibility Statement**

The Board of Directors of APFT is satisfied on reasonable grounds that, immediately after making the distribution, the Trustee-Manager will be able to fulfill from the Trust Property (as defined in the Business Trust Act) of a-iTrust, the liabilities of a-iTrust as these liabilities fall due.
