2. Distribution Policy

The distributable income of CLINT is substantially based on the cash flow generated from the operations undertaken by the Venture Capital Undertakings ("**VCUs**") in India, being mainly the letting of completed properties and the provision of property-related services.

- At the VCU level, the consolidated net profit from operations is arrived at after deducting all expenses incurred from the consolidated net property income.
- At CLINT and Singapore Special Purpose Vehicle ("**SPV**") levels, the distributable income is derived after deducting all expenses incurred and adding any income earned at CLINT and Singapore SPV levels. Non-cash items (e.g. payment of Trustee-Manager's fees in units, unrealised gains or losses on foreign exchange or on fair value of investment properties and derivatives) are also adjusted.

- For full details on the calculation of the distributable income, please refer to item 1(a)(i) of the announcement of results for the period, which is available on www.sgx.com and www.clint.com.sg.

CLINT is committed to distribute at least 90% of its distributable income, with the actual level of distribution to be determined at the Trustee-Manager's discretion. Distributions, when paid, will be in Singapore dollars.

3. Directors' Responsibility Statement

The Board of Directors of CLINTMPL is satisfied on reasonable grounds that, immediately after making the distribution, the Trustee-Manager will be able to fulfill, from the Trust Property (as defined in the Business Trusts Act) of CLINT, the liabilities of CLINT as these liabilities fall due.
